March 28, 2009

Dear \_\_\_\_\_ :

We are delighted to share with you the news about launching of UTAA – A Dream and A Vision – to promote a unique, transparent and vibrant platform for Telugu speaking people living in USA.

United Telugu American Association (UTAA) is a result of collective dreams and vision from many members of the Telugu community in USA with the single main goal of doing something unique, purposeful and accessible in a transparent way. With this inspiration and motto, UTAA was formed and it is being welcomed by a cross-section of people, a response which is the cause for our delight. We sincerely thank our well-wishers for their support and guidance in multiplying our strength and will to commit to the mission and objectives of UTAA.

A first question that comes to many mind will be – “How is UTAA different and there are already many such forums and organizations?” Well, yes there are many and we sincerely appreciate all the efforts by them. We are confident about UTAA’s uniqueness, the essence of which is captured by our mission statement. UTAA intends to be different by breaking away from the traditional mould and stepping aside from the political and related ambitions with the main purpose of helping the children and youth, who are the major force for our next generation, to organize and cooperate within their roots.

In the next few weeks, UTAA is planning to organize an ‘Inaugural Event’ and reach out to a wider audience. In preparation to the event, we are taking this opportunity to invite you to join us in this journey and become a ‘Life Member’ of UTAA, a membership which will you allow to participate in all the events and activities of UTAA. While you join us, we also request you to encourage your friends and family from the Telugu speaking community in USA to join UTAA. Students after high-school are encouraged to join as Student Members and participate themselves of the Youth and Children forums of UTAA.

As a first step to reach out and communicate the mission, objectives and purpose of UTAA, we have launched a specially designed website, which is accessible at, [www.utaaworld.org](http://www.utaaworld.org) We request you to please review the website and become familiar with UTAA activities; Bylaws; Constitution, and other details. Membership forms and How to become a member are described in the Register section. UTAA events and activities will be posted on the website and members can register to participate in them.

If you need to reach us to communicate your ideas, have any questions or suggestions, please feel free to contact us at [contact@utaaworld.org](mailto:contact@utaaworld.org) or submit the same through our website.

Looking forward to your active participation....

Sincerely,

UTAA Executive Committee
